

Allard Playground Development

We would like to invite you to have your say in the expansion of the Dr. Lila Fahlman Schools Playground. This development will be focusing on 8-13 years of age and will include an increased area of approximately 500-600 sq m. This will allow us to better meet the needs of the community by providing more caregiver seating, shade, picnic tables, bike racks and a larger playground.

Currently we are in the process of choosing equipment and would like to provide the opportunity for the children to tell us what they would like to see added!

We ask that each child submit 1-2 photos of playground equipment that they would like to see considered. This can be equipment at a park that they love already, or pictures from online showing equipment they would enjoy.

What we would like for information from families is:

** 1-2 pictures per child of wanted equipment.

** Any special needs that your family would like us to take into consideration, or equipment that would help any special needs individuals in the community.

While we will try to take into consideration all of the input from community members at this point we cannot guarantee anything in particular will make it into the final design.

Thank-you for your help and input.

Please submit the information to the DLFS Playground Committee through e-mail:
dlfsplayground@gmail.com Subject: Equipment

We would like your pictures and any important information by **Dec 8, 2019 please**. Thank you.

Check out www.dlfsplayground.com for updates.

Thank you for your participation

The DLFS Playground Committee
